Date	Total number of shares	Total number of voting rights
31 October 2022	7,613,291	Gross number <sup>(1)</sup> of voting rights: 7,880,436
		Net number <sup>(2)</sup> of voting rights: 7,863,863

<sup>(1)</sup> Gross number: total number of theoretical voting rights, based on the total number of shares bearing voting rights (single or double), including shares without voting rights (treasury shares).

<sup>(2)</sup> Net number: total number of actual voting rights exercisable at shareholders' meetings, i.e. excluding shares without voting rights (treasury shares).

On 30 September 2022 the gross total number of voting rights was 13,202,790 and the net total number of voting rights was 13,185,431. This change in the total number of voting rights as of 31 October 2022 results from the transfers and disposal transactions made by the Guichard family group on 26 October 2022 as part of the simplified public tender offer, which was the subject of a press release on the same date. These transactions have indeed resulted in the elimination of 5,322,324 double voting rights.
