

Henri Adreit – Group Chief Technology & Data Officer

Henri holds a master's degree in entrepreneurship from EDHEC, obtained in 1996. He began his career at SVP in sales positions and then worked for Accenture from 1999 to 2012, in a variety of programme management roles. He joined the Manutan Group in 2012 as Director of Programmes, before becoming CIO in 2015 and Chief Digital Transformation Officer in 2018. In 2020 he was appointed Chief Technology & Data Officer of the Manutan group with the objective to accelerate the digitalisation of the Group and implement a data-driven dimension at all the levels of the company.

All you need. **With love.**
